Re: Request for Information Pursuant to Section 104(e) of CERCLA and Section 3007 RCRA, for **Gary Development Landfill**, 479 N. Cline, Gary, IN hereinafter referred to as "the Site".

Dear Sir or Madam:

The United States Environmental Protection Agency (U.S. EPA) is currently investigating the source, extent and nature of the release or threatened release of hazardous substances, pollutants or contaminants on or about the **Gary Development Landfill**. This investigation requires inquiry into the generation, storage, treatment and disposal of such substances that have been or threaten to be released at the Site. U.S. EPA is also investigating the ability of persons connected with the Site to pay for or perform a clean-up of the Site.

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response Compensation and Liability Act (CERCLA), 42 U.S.C. 9604(e), as amended by the Superfund Amendments and Reauthorization Act of 1986, Pub. L. 99-499, and pursuant to Section 3007 of the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. 6927, you are hereby requested to respond to the Information Requests enclosed. Compliance with the enclosed Information Requests is mandatory. Failure to respond fully and truthfully to each and every Information Request within thirty (30) days of receipt of this letter, or to adequately justify such failure to respond, can result in enforcement action by U.S. EPA pursuant to Section 3008 of RCRA under which U.S. EPA may seek the imposition of penalties of up to twenty-five thousand dollars (\$25,000) for each day of continued non-compliance, and/or pursuant to Section 104(e)(5) of CERCLA which, as amended, authorizes the United States to seek penalties from a Federal court of up to \$25,000 for each day of continued non-compliance.

"Non-compliance" is considered by U.S. EPA to be not only failure to respond to the Requests but also failure to respond completely and truthfully to each Request. Please be further advised that provision of false, fictitious, or fraudulent statements or representations may subject you to criminal penalties of up to ten thousand dollars (\$10,000) or up to five (5) years of imprisonment or both under 18 U.S.C. 1001.

The United States Environmental Protection Agency has the authority to use the information requested herein in an administrative, civil or criminal action. This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. 3501, et seq.

The information requested herein must be provided notwithstanding its possible characterization as confidential information or trade secrets. You may request, however, that such information be handled as confidential business information. A request for confidential treatment must be made when the information is provided, since any information not so identified will not be accorded this protection by the U.S. EPA. Information claimed as confidential will be handled in accordance with the provisions of 40 C.F.R. Part 2.
